

SolidWorks World 2010

Presentation Title (30 word limit)

Design Tables the Complete Story – How to build and maintain an effective Design Table.

Public Speaking Experience (40 word limit)

I am an accomplished speaker with 7-1/2 years of experience demonstrating, training and supporting SolidWorks. I also teach SolidWorks at a Community College and have presented at numerous special events, user groups and at SolidWorks World 2006-2009.

Presentation Abstract (40 word limit)

An updated version of my presentation from SWW09 that will cover all aspects of Design Tables from the optimal setup of part and assemblies in SolidWorks to how to utilize the tools in Excel to help automate the design process.

Attendee Benefits (40 word limit)

Attendees will receive an expanded knowledge of the SolidWorks and Excel tools. As well as concepts that go beyond what is taught in SolidWorks classes so that users can use SolidWorks in making more efficient and automated models.

Speaker Biography (40 word limit)

Since 1995 Josh Altergott has been a Designer, Trainer, and Consultant. Since 2002 Josh has worked at CATI as an AE and currently manages the CATI Support Team. Josh's experiences allow him to cover SolidWorks and technical problems in great depth.
